EVERLASTINGS

THE FLORISTS' FAVORITES

The beauty of coloring, extra size of blooms, long stems and everlasting qualities will place these in the forefront at once as ideal garden beautifiers and for cut flowers.

They thrive under the most adverse conditions and will create a blaze of color with the least possible attention. They are indeed a "Lazy Man's Flower."

To dry for winter use, cut the blooms early in the morning, when the dew is still on them, choosing blooms which have not reached their full size. Hang them heads down in a cool, shady, airy place until thoroughly dry. They keep their bright colors and last for years.

We offer the following:—

ZERANTHEMUM

DOUBLE BLUE—An exquisite shade of Cornflower Blue, that is everybody's favorite color. Will be all the rage and a best seller for florists' flowers. Seed 6d pkt.
